Data Protection

We will make a search with a Credit Reference Agency, and will keep a record of that search. In some instances we may also make a search on the personal credit file of principal directors. Should it become necessary to review an account, then a future credit reference may be sought and a record kept. We will monitor and record information relating to your trade performance and such records will be kept on file for future reference. Under the Data Protection Act you have the right to apply for a copy of the information we hold on you (for which we may charge a small fee) and to correct any inaccuracies. Due to training requirements, some calls may be monitored.
